Andersons Department Store and Anderson Family Records Now Available

In 2005, the Archives received a grant to process records of the Anderson Department Store and Anderson family of St. Thomas. Included in the records is material pertaining to retailing in St. Thomas for nearly a century, records of community organizations, and military photographs and letters. This project, completed in March 2006, was made possible by financial assistance from the Government of Canada through Library and Archives Canada and the Canadian Council of Archives, as well as the Elgin Photographic Heritage Society.
