

A pictorial tour of Elgin County featuring over 200 photographs selected from the holdings of the Elgin County Archives.

Images of railway stations, streetscapes and historic buildings recall many of the forgotten villages of Elgin. Other views of farms, fishing, factories, and mills recall the many changes that have taken place over the last 100 years.

The book also includes a special section on the International Plowing Matches hosted by Elgin County since 1940.

The book is available for \$40.00 including HST

at all Elgin County library branches and at the Elgin County Museum,
